

# Boat Maintenance

## CRC SALT TERMINATOR CONCENTRATE - SX32M

Removes salt deposits and prevents corrosion, protecting engines, vehicles, and equipment while extending their lifespan.

> **Ideal for flushing and protecting marine engines**

## CRC LEAK STOP SPRAY SEAL - 8498

Provides a waterproof seal to most hard surfaces. It offers a flexible, durable, long-lasting solution to leaks by bridging gaps & cracks.

> **Ideal for general waterproofing of hard surfaces.**

## CRC WATTS UP - 1754785

Restores photovoltaic efficiency to maximise solar panel output by effectively removing the contaminants from solar panels.

> **Ideal for cleaning solar panels.**

## CRC MULTI PURPOSE SPRAY ADHESIVE - 8017

Bonds most materials quickly & easily, giving a long-lasting bond. It is repositionable for 1-2 mins.

> **Ideal for boat upholstery.**

## CRC ULTRA HIGH STRENGTH SPRAY ADHESIVE - 8180

An ultra high strength contact adhesive with high heat resistance that gives an immediate and permanent bond on porous and non-porous surfaces.

> **Ideal for the applications requiring durable & permanent bonding.**

## CRC BATTERY MAINTENANCE - 5097

Engineered for the removal of acid corrosion deposits, electrolytes, dirt and moisture from battery surfaces and for neutralising battery acid and electrolytes.

> **Ideal for promoting longer battery life.**

## CRC ENGINE START - 5040

Ensures quick, reliable ignition for diesel and petrol engines, aiding cold starts, weak batteries, and protecting against wear, corrosion, and costly breakdowns.

> **Ideal for starting engines.**

## CRC GLASS CLEANER - 3070

A foaming, non-abrasive, residue free formula which is versatile & safe enough to use on the most delicate glass surfaces. It quickly cuts through the toughest dirt, dust, fingerprint and haze deposits.

> **Ideal for windows & stainless steel.**

## CRC CERAMIC ARMOUR 1756339

A hybrid ceramic spray wax designed to provide superior and durable protection with a high-gloss finish. Infused with Silicon Dioxide (SiO<sub>2</sub>) technology the formula bonds chemically to the surface creating a water-repellent barrier that protects against contaminants, uv rays, and oxidation.

> **Ideal for the hull.**

## CRC TACKLE GUARD - 6028

Leaves a long-lasting film to lubricate, drive out moisture, prevent corrosion and to protect fishing tackle even through the periods of storage.

> **Ideal for tackle.**

## CRC MINUTE MEND - 14070

A two-part epoxy putty packaged in a convenient one-piece stick for permanent emergency repairs. Bonds to wet or damp surfaces and can be applied under water.

> **Ideal for emergency repairs.**

## CRC LANOCOTE NATURAL SPRAY - 3020

A biodegradable, lanolin-based corrosion inhibitor and anti-seize lubricant that provides long-lasting, environmentally safe protection for metals and machinery in harsh conditions, especially marine environments.

> **Ideal for propeller.**

## CRC 5-56 MARINE - 1751839

A multi-purpose lubricant designed to prevent damage due to water and salt atmosphere in marine engines and boating equipment for extended periods. It forms a thin film that lubricates moving parts for smooth action and protects metals from corrosion.

> **Ideal for use on engine & boating equipment.**

## CRC EXOFF DEGREASER & PARTS CLEANER 3410

It's biodegradable, non-toxic, non-hazardous, non-flammable, pH balanced, and water soluble. The advanced formula is powerful but is non-abrasive, non-corrosive, contains no solvents.

> **Ideal for engine & housing.**

## CRC CLEAN-R-CARB 5081

A heavy-duty cleaner engineered to maximise carburettor performance and control pollution.

> **Ideal for use on all fuel system components as a general parts cleaner.**
