

WATTSUP™

SOLAR PANEL CLEANER

CONCENTRATE FORMULA

Restores photovoltaic efficiency to maximise solar panel output

Effectively removes bird droppings, dust, dirt, pollen, salt spray and more

Anti-static properties

CODE	PRODUCT NAME	PANELS*	SQ. METER
1753427	CRC Watts Up Solar Panel Cleaner 1x5L	625	1030
1754785	CRC Watts Up Solar Panel Cleaner 1x1L	125	206

*Result may vary depending on conditions, levels of contamination and dilution rates.

WHY

WHY IS IT IMPORTANT TO CLEAN YOUR SOLAR PANEL REGULARLY?

- Cleaning solar panels is just as important as how they were installed.
- A recent *study** found that due to the accumulation of dust, the efficiency of solar modules and panels in terms of power can be reduced by up to 60%.
- If solar panels are not maintained as they deserve, it could lead to a loss of energy, efficiency, and money.

WHAT

WHAT IS IT?

- WattsUp™ Solar Panel Cleaner effectively removes contaminants from solar panels, maximising power generation.
- It is non-corrosive and contains no solvents, making it safe for the user and the environment.

HOW

HOW DOES CRC'S WATTSUP™ SOLAR PANEL CLEANER HELP?

- Restores photovoltaic efficiency to maximise solar panel output.
- Effectively removes bird droppings, dust, dirt, salt spray, and more.
- Anti-static properties keep panels clean for longer.
- Easy to use once diluted, it can be sprayed through a trigger bottle or put through a water blaster.
