1. This may only be used in edible areas during routine maintenance periods, including between processing shifts, where the room is subjected to a full sanitation before edible operations recommence.
2. Before use, all edible product and packaging material must be removed from the room.
3. No edible product is permitted in the room while odours remain.
4. This compound must not be used on food contact surfaces.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Branch Planning, Systems & Support Directorate must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 101 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.

This approval must not be used as a Ministry for Primary Industries (MPI) endorsement of any claim made for the product by the manufacturer.

This approval will remain valid until 31 October 2025 unless the approval is revoked by notice in writing at an earlier stage.

Any queries regarding this approval should be directed to MPI Approvals by either telephone on 04 894 2550 or by e-mail at approvals@mpi.govt.nz.

Dear Natasha,

APPROVAL OF DAIRY MAINTENANCE COMPOUND FOR USE IN FARM DAIRIES AND FOR USE IN DAIRY PROCESSING

The new product **CRC Peel Off** has been considered in conjunction with the type of validation information provided and has been determined to satisfy the requirements of regulations 12, 13, 14, 53 and 247 of the Animal Products Regulations 2021 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

The product **CRC Peel Off** has been assessed and is approved for use in farm dairies and for use in dairy premises when used in accordance with label instructions.

This approval of the compound for use in farm dairies is subject to the following conditions:

1. To be used in accordance with label instructions.
2. Must not be used in areas where milk, dairy material, product or ingredients are exposed.
3. Surfaces must be rinsed with suitable water.
4. Carry-over to food must be minimised to ensure food function or composition are not affected.
5. Residues must be within applicable Maximum Residue Limits and that food legislation requirements are met.

Where this approval is stated on the product label, the statement “MPI approved for use in farm dairies” is to be used, unless an alternative is agreed in writing by MPI.

This approval of the compound for use in dairy processing is subject to the following conditions:

1. To be used in accordance with label instructions
2. Surfaces must be thoroughly rinsed with suitable water before further processing.
3. Before use, all edible product and packaging material must be removed from the room.
4. No edible product is permitted in the room while odours remain.
5. This compound must not be used on food contact surfaces.

Where this approval is stated on the product label, the statement “MPI approved for use in dairy processing” is to be used, unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as recommended by the manufacturer or an agent of the manufacturer at the stated dosage, MPI may withdraw this approval.

Review

This approval of a dairy maintenance compound for use in farm dairies and dairy processing is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the product is not fit for the purpose for which this approval applies. You will be issued a letter prior to the review date, which is set at **14 November 2028** but you are responsible for ensuring that this review is completed if you wish to retain MPI approval of the above dairy maintenance compound.
