

CRC Industries NZ, Auckland NZ

I. Product Description

CRC Surface Sanitiser Spray is an isopropyl alcohol (IPA)-based sanitiser suitable for almost all surfaces. IPA has been previously tested and shown to be an effective sanitiser against bacteria, fungi and viruses. Especially suitable for surfaces susceptible to corrosion from water-based products. Ideal for hard non-porous surfaces such as metal surfaces, stainless steel surfaces, porcelain and plastic surfaces.

II. Features & Benefits

- Ready to use in aerosol form.
- Pleasant fragrance.
- Kills 99.9% of germs.
- Isopropyl purity is 99.5% which sanitises on contact.
- Rapid contact time – 15 to 30 seconds.
- Contains 70% isopropyl alcohol.

III. Application and Directions

1. Shake well before use.
2. Hold can 15-20 cm from pre-cleaned surface and spray surface until covered with mist.
3. Allow to air dry. No need to wipe.

IV. Typical Properties and Characteristics

Appearance	Clear colourless liquid
Odour	Mild fresh residual fragrance
Solubility	Miscible in water
pH	7.5 – 8.0
Composition (g per 100g)	70 g isopropyl alcohol
Propellant	Hydrocarbon 30%
Flash Point	20 °C
Flammability	Extremely flammable aerosol

V. Package Description

Part Number	Size
1752084	250 g

VI. *Special Precautions*

General:

Highly flammable liquid and vapour. Extremely flammable aerosol. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Dispose of empty containers safely. All unused product should be disposed of in conformance with local and HSNO regulations. Wear protective gloves and eye protection.

Aerosol Cans:

Do not puncture, incinerate or store above 50°C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

First Aid:

Call a POISON CENTER or doctor if you feel unwell.

Swallowed – Not considered a normal route of entry. Avoid giving milk, oils or alcohol.

Skin – Flush skin and hair with running water (and soap if available). If skin irritation persists: Get medical attention.

Eyes – Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Inhaled – Remove to fresh air and keep at rest in a position comfortable for breathing.

Refer to Safety Data Sheet (SDS) for more details.
