TECHNICAL DATA SHEET

CRC Spray Marker Paint

Directions

1. Shake can until the agitator ball is moving freely.
2. Shake for an additional minute to ensure contents are thoroughly mixed.
3. Holding the can approximately 30-40 cm from the surface, spray with a uniform motion.
4. Shake for 10 seconds at 1–2 minute intervals during application.
5. Do not apply with continuous spray. Move back & forth, releasing button after each stroke.

Typical Properties and Characteristics

Appearance	Fluorescent colours
Odour	Characteristic solvent odour
Drying time	5 mins (Touch dry)

Special Precautions

General:

Extremely flammable aerosol. Pressurized container: may burst if heated. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on open flame or other ignition source. Use with adequate ventilation. Dispose of contents/container in accordance with relevant regulations.

First Aid:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present. If eye irritation persists, get medical advice/ attention. IF SWALLOWED Immediately call a POISON CENTER/doctor/physician/first aider. Do NOT induce vomiting.

Refer to **Safety Data Sheet** for more details.
